Hidden Disabilities Sunflower training

SCORM package overview and tips

Included files

You've received two SCORM 1.2 modules as part of your Sunflower training package:

1. **Sunflower animation** (9.5 mins)
   - Available to Basic, Professional, and Corporate Members
2. **Sunflower film** (10 mins)
   - Available to Corporate Members only

One module must be completed as your official training.

The other can be used as an optional resource (for example, on your intranet).

Training objective

This training helps your team:

» Understand the Sunflower symbol

» Recognise non-visible disabilities

» Interact confidently and respectfully with individuals wearing the Sunflower

Completion reminder

» Each module must be watched in full

» At the end, users must click the "Click here to complete the Sunflower training" button

» If the button is not clicked, the training will be marked as incomplete

Tips and tricks for LMS admins

» SCORM format is SCORM 1.2 by default

» If you need a different format (such as SCORM 2004), email scorm@hdsunflower.com

» Test upload to a sandbox environment before going live

» Use Chrome or Edge for best compatibility

» Disable pop-up blockers if the training doesn't launch

» Ensure your LMS is set to track completion correctly

MAKING THE INVISIBLE **VISIBLE**

HIDDEN
